About

Rainbow ZR Crown

Introducing Rainbow ZR Crowns: Elevating Pediatric Dentistry

Welcome to Rainbow Crowns, where innovation meets pediatric dentistry. As the first in India to offer preformed stainless steel crowns, we're revolutionizing the industry with unparalleled quality and convenience.

Step into the world of crowns... where innovation and excellence converge to create a dental experience like no other.

As trailblazers in pediatric dentistry, we had humbly unveiled our line of preformed stainless steel, Gold and Rose Gold primary and permanent crowns, setting a new standard for quality and reliability in the industry. But that's not all – we're also happy to introduce our latest breakthrough: RAINBOW ZR crowns, setting new standards in durability and aesthetics. Join us on our journey as we redefine smiles and set the bar higher for dental care worldwide... a testament to our dedication to excellence. With Rainbow Crowns, every smile shines brighter, every treatment is a masterpiece, and every child's confidence soars.

High Strength
